## **Son/Daughter**

### **1 Year Time Frame:**

1. I will be obedient to my parents.

**Attainability:** it's a very attainable vision as a person can easily be obedient by listening to their parents. The more he listens and obeys the more obedient he would be. Ranking: 7 out of 10

**Lucidity:** it's very clear that the visionary intends to obey his parents dutifully and not go against their will. 8 out of 10

**Concreteness:** the vision is not that concrete and thus it does not have such quantifiable or concreteness. The way to be obedient is not specified it is to the point though. 7 out of 10

**Clarity:** the vision is quite clear that he wants to obey his parents and follow his life with their will based. 9 out of 10

**Complexity:** the main idea of this vision is not that complex but pretty simple to follow the ideals of his parents and not wish to go against them thus not providing them discomfort. 5 out of 10

**Scale:** the time it would take in order to get obedient depends on person to person which are not specified. 6 out of 10

**Nobility:** this is a very noble vision as the visionary is submitting his will to his parents in order to follow their commands. 8 out of 10

**Loftiness:** one doesn't have to pay with cash or finance during this vision's fulfillment. But he has to sacrifice his will in order to fulfill this task and thus it's a bit lofty. 5 out of 10

**Correctness:** it's a very correct principle to follow the ideals of your parents. 9 out of 10

2. I will start building a good relationship with my parents.

**Attainability:** a good relationship is hard to maintain so it might be hard to attain but time and will and good manners will lead to this vision becoming true. Though the ways to make this vision come true aren't specified. 7 out of 10

**Lucidity:** this is a very clear statement that the person wants to maintain a good relationship with his guardians and provide them comfort and respect. Thus lucidity is high. 8 out of 10

**Concreteness:** it's not very concrete because the ways to maintain the relationship are not specified. 5 out of 10

**Clarity:** it's quite clear of a statement that he intends to give more of a pleasing relationship to his parents. And thus it's clarified neatly. 9 out of 10

**Complexity:** maintaining a relationship is a hard task thus it's a complex idea but with good will and socializing skills it can be done. 6 out of 10

**Scale:** well a lot of time may be needed in order to maintain a good relationship. External financial resources or geographical visits may also be included. 7 out of 10

**Nobility:** it's quite a noble cause as you have to attend to family obligations and improve your relationship for the welfare of parents and family. 8 out of 10

**Loftiness:** there are many possible ways of improving relationships a bit of time and finance can be required in order to fulfill this vision. 8 out of 10

**Correctness:** this is a very noble and correct statement as everybody should have good dealings with their parents. 9 out of 10.

3. I will focus on my studies and give more time to them.

**Attainability:** this is very easily attainable by giving more time to studies and taking time off other things such as fun or gaming. 7 out of 10

**Lucidity:** this is a very clear statement as it implies that the vision to study more and to attain better marks for its quite clear. 6 out of 10

**Concreteness:** by giving more time to his studies the visionary intends to focus on studies and give them more concentration in order to attain better grades and make his parents proud. It's quite quantifiable but still lacking a bit. 6 out of 10

**Clarity:** it's quite a clear statement as it tells that the vision is to ensure educational success by giving more time and concentration and thus making parents proud too. 8 out of 10

**Complexity:** it's quite easy to understand that the visionary intends to study hard and give more time to studies and thus be a good student and a son. 8 out of 10

**Scale:** the scale of this vision is time requiring and requires concentration of a person and is a little bit scaling on these depths. 6 out of 10

**Nobility:** the nobility in this is a bit less cause it's done for the welfare of the student it will give him more experience in his studying field and more successful chances of passing but as it will make his parents happy and proud it's for their welfare too. 5 out of 10

**Loftiness:** the sacrifice of time is still quite a bit necessary as it requires the will and power to concentrate more. So it's not that lofty. 5 out of 10

**Correctness:** this statement is morally correct as if he works hard it's for his own benefit and it will make his family proud. 7 out of 10

4. I will work on my physical activity by being active and exercising.

**Attainability:** this vision requires a lot of will to stop being lazy and utilize energy more and burn calories and thus will is required. To get more physically active one has to motivate himself enough to do physical work and will is required. 7 out of 10

**Lucidity:** it's quite clear that he wants to get his physique better than it already is and work for the better of his body. 8 out of 10

**Concreteness:** he tells that he would work on his physical activity by being more active and exercising as well to keep his energy flowing and thus it's quite quantifiable and to the point. 8 out of 10

**Clarity:** it's quite clear that the visionary wants to exercise and be more active in order to work more efficiently thus it's a clear statement. 8 out of 10

**Complexity:** it's not that complex of a vision the main idea is to get a better working out environment and be more active in a day. 4 out of 10

**Scale:** in order to fulfill this vision the use of exercising machines maybe there and time would be required. Exercising such as running maybe in a park or so. It all requires energy and will. 7 out of 10

**Nobility:** it's a bit noble if thought of as that he would use the energy as for the benefit of others and thus that's dependable. Besides that it's not very noble but for welfare of one's own self. 4 out of 10

**Loftiness:** it does require a bit of finance for the exercising machines if they are used and it does not sacrifice anything other than energy so it's half lofty. 6 out of 10

**Correctness:** this is morally okay as exercising is good for health and it's a good habit. 7 out of 10

5. I will treat my classmates and my teachers respectfully.

**Attainability:** being well mannered and really sophisticated can be a good trait and it's easily attainable. 8 out of 10

**Lucidity:** he will treat his colleagues with more respect and more manners and thus his vision is to ensure a good status. 7 out of 10

**Concreteness:** he intends to treat his classmates and teachers more respectfully but he is not that specific and not that quantifiable or qualitative. 5 out of 10

**Clarity:** this is quite a clear statement that he intends to get the heart and respect of his dear friends and teachers. And it's to the point. Neat. 8 out of 10

**Complexity:** this statement is not very complex as the main idea is to get better in social relations by improvising manners. 4 out of 10

**Scale:** just need to get better in socializing and thus the ways would be easier and more mannered. 7 out of 10

**Nobility:** it's a bit noble and a bit selfish as his social relations would improve thus raising his self-esteem and enthusiasm and it would benefit others with their mood being better and having a good colleague and a friend. 5.5 Out of 10

**Loftiness:** not much will be sacrificed in this cause not much money as well and thus it's not a lofty vision. 8 out of 10

**Correctness:** this statement is morally good as its better for everyone and helps in keeping society a good and favorable place to be in. 8 out of 10

## **5 Year Time Frame:**

**Complexity:** this statement is not complex by any means and is quite clarified that he wants the welfare of his family. 4 out of 10

**Scale:** time and money would of course be needed in this crusade to help in the financial needs of the family. 6 out of 10

**Nobility:** the statement is quite noble because it gives financial aid to his family and thus it's quite a positive thing. 9 out of 10

**Loftiness:** the finance of the visionary might be a bit sacrificed but for a noble cause. And he will help his father as well. 6 out of 10

**Correctness:** this is a morally correct statement as it helps in the welfare of his family and aids them in their troubled times.

2. I will try to fulfill my parents' wishes so they can enjoy their lives to the fullest.

**Attainability:** depends on parent's wishes. If financial they may be attainable if there is a lot of finance. If morally then they can be completed to an extent. Parents' wishes are quite noble so they can be attained. 8 out of 10

**Lucidity:** its clarified and made prominent that he only aims to fulfill the wishes of his parents and so it's really clarified. 7 out of 10.

**Concreteness:** he has the finance in order to complete those wishes and the motivation as well because parents will get old and thus it's a bit concrete. 7 out of 10

**Clarity:** it's clear that he wants his parents happy and wants their faces smiling. So it's clear. 9 out of 10

**Complexity:** it's not a complex statement as he just wants the wishes of his parents to be fulfilled. 7 out of 10

**Scale:** it will require some time and effort to do all this. Depends on the wishes the parents have. 7 out of 10

**Nobility:** it is quite the noble wish as he has good plans to fulfill the wishes his parents have and not the ones he has. 8 out of 10

**Loftiness:** finance and time may be required in order to fulfill the wishes of his parents and thus it's a bit lofty. 9 out of 10

**Correctness:** this statement is valid as everyone wants the welfare of their family both financially and morally. 8 out of 10

3. I will be a role model for my siblings and support them when they are in trouble.

**Attainability:** by being responsible and caring a person can attain the concept behind this vision and thus its quite attainable. 7 out of 10
